

# THE JOURNAL of the College and University Personnel Association

Index to Volumes 1 through 15  
November, 1949 through July, 1964

*Editor's Note:* The major work on the indexing of Volumes 1 through 15 of *The Journal* has been done by Charles A. Harkness, Division of University Studies, Municipal University of Omaha. The Index is presented under interest area headings and also by an alphabetical list of authors, cross-referenced to the interest area listings. Since many members of the Association have retained complete files of *The Journal* and its predecessors, the Index should prove to be a useful reference. It is planned to present, in the future, an Index for each volume in the last issue of that volume.
